TERRIBLE

I was afflicted with a terrible breaking out. I was treated by the very best physicians, who pronounced it blood poison, but it got worse. I was suffering untold agony, and finally had to give up work. CUTTOURA REMEDIES were suggested, which I immediately procured. From the first, I experienced a soothing relief, not with standing my intense pain. I improved right along till at last I was entirely cured, and not a tign on my body anywhere indicating that anything had ever been the matter with me. M. B. BASTIEN, 156 W. Hunter at., Atlanta, Ga. SCHLEY THE HERO IN WASHINGTON.

Washington, D. C., July 5.—The annihilation of the Spanish fleet continues to be an absorbing topic among naval officials and they are giving most generous praise to Commodore Schley for the noble manner in which he destroyed the fleet, when the immediate command fell to his lot.

Representative Berry of Kentucky, a member of the house committee on foreign affairs, to-day introduced the following joint resolution:

"Joint resolution tendering the thanks of congress to Commodore Schley, U. S. N., and the officers and men under his command.

"Resolved. That the thanks of congress and of the American people are hereby tendered to Commodore Schley, U. S. N., and the officers and men under his command, for their heroic and distinguished conduct in destroying the Spanish fleet in Cuban waters on the 3d of July last.
